

PROJECT MANAGER- JOB OPENING

We are seeking a motivated, creative, design oriented problem solver to join our expanding team!

Salmon Studios is a unique and growing company that aims to foster a respectful, collaborative and inclusive work environment. Our projects range from high end architectural interiors to large scale public sculpture.

We are looking for an energetic, career-minded professional with great communication and customer service skills, is detail oriented with a strong aesthetic sensibility and strong organizational and time management skills. This challenging and rewarding position offers opportunities to engage with high-end architectural, furniture, and sculptural projects in incredibly unique ways:

- Developing design processes alongside skilled makers
- Integrating in-house CNC machining and 3D printing with traditional craft
- Engineering objects and spaces using advanced 2D and 3D modeling software
- Creating and interpreting drawings for both design and fabrication
- Directing projects from concept to completion on the studio floor
- Coordinating site work, including installation of high end interiors
- Interfacing with architects and designers from renowned firms
- Reviewing, assessing, estimating and bidding of large millwork packages

Experience working in at least one of the following fields is required:

- An established trade, fabrication or production shop
- An architecture or design firm

Working knowledge the following software is preferred but not required:

- Microsoft excel
- Adobe design software (Photoshop, InDesign, Illustrator)
- 3D modeling software (Rhino, CAD, SketchUp)

Our studio is located in the scenic college town of Northampton, Massachusetts. This location offers all the benefits of a rural landscape while having proximity to the New York and Boston metro areas. We are a locally owned and operated company and are committed to building our local economy.

The new Assistant Project Manager will enjoy a competitive salary and comprehensive employee benefit package that offers: 401(k) with company match, paid vacation and holidays, competitive medical and dental insurance plans.

Applicants should send a Cover Letter, Resume/CV, and Portfolio (if applicable) to Opportunities@salmonstudios.com with the job title in the subject line.

No phone calls or walk-ins please.
