LYMAN-MORSE : MARINE CARPENTER

Celebrating 45 Years of Excellence

Since 1978, Lyman-Morse has stood out for our fusion of design, technology, and craftsmanship. Designers like C. Raymond Hunt & Associates, Sparkman & Stephens, and Stephens Waring Yacht Design praise our yachts as some of the finest afloat, and discerning captains and owners seek out our service crews in Thomaston, Maine, and at our marina in Camden when they need a refit done right and on budget. Supported by on-site fabrication and advanced composites divisions and the latest technology, the Lyman-Morse crew can handle any project.

Why Choose Us

Lyman-Morse offers employees competitive wages and excellent benefits. Career advancement is encouraged through company-sponsored ABYC and marine trade certifications. Our team is our extended family, and we act as such with after work gatherings every Friday, and other employee events like cornhole tournaments, ice fishing derbies, and toboggan and dinghy races to name a few. Come have fun working with the most talented team in the business!
